GURU GOPINATH NATIONAL DANCE MUSEUM

3D Visualization,
Walkthrough &
DPR For
Guru Gopinath
National
Dance Museum
Thiruvananthapuram

A 3D architectural rendering of a modern gallery hallway. The walls are white with recessed lighting strips along the top and bottom edges. The ceiling features several circular recessed lights. On the right wall, there are several rectangular display niches, some containing blue ceramic vases. The floor is dark, and the overall atmosphere is clean and minimalist.

**3D Visualization, Image Production
& Layout for
Balco, Ernakulam**

A 3D architectural rendering of a modern library or study area. The room features light-colored wooden furniture, including tiered seating on the left and right, and a central shelving unit with a desk. The ceiling is equipped with track lighting. A red text box is overlaid on the left side of the image.

**3D Character Design
and Stage visualization for IFFK-2011**

A 3D architectural rendering of a modern conference room. The room features a central aisle flanked by rows of dark wood conference tables. Each table is paired with a white ergonomic chair. Small black gooseneck microphones are positioned on each table. The walls are finished with dark wood paneling, and there are large windows with vertical blinds on the right side. The ceiling has recessed circular lights. The overall aesthetic is professional and contemporary.

**Redesign, 3D visualization &
Image production for Income tax
offices in Kozhikode and Kannur**

A 3D architectural rendering of a modern school office. The room features a long, light-colored wooden desk with a computer monitor and keyboard on the left. A green office chair is positioned behind the desk. On the wall behind the desk, there is a framed portrait of Mahatma Gandhi and a small potted plant on a white shelf. To the left, there are green vertical blinds. The room is viewed through a doorway, with a wooden door and a white chair with vertical slats visible in the foreground.

**Redesign, 3D visualization & Concept
for Azhchavattam LP School in
Kozhikode**

Conservation concept, 3D visualization
& image production for Chandhanagiri
Fort in Kasargode

The image is a 3D architectural rendering of the Chandhanagiri Fort in Kasargode. It shows a detailed floor plan of the fort's interior. Key features include a central courtyard with a well, a large rectangular structure labeled 'POUND', and a complex of rooms on the right side. The rendering is presented in a dark, monochromatic style, highlighting the geometric forms and spatial layout of the fort. A red text box is overlaid on the left side of the image, containing the project title.

CHENDA MELAM
 Chenda Melam is the common name for percussion instruments that are played in Kerala music. Chenda Melam is the most traditional of all instruments in the Panch Melam.
